

**The new generation
of pumps.**

Best of Both World

Thanks the Pro mode, our pump can intelligently adjust its flow, adapting in real-time to the pipeline pressure.

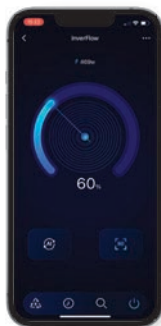

The result ?

You benefit from, uncompromised perfect filtration while saving on your electricity bill.

Stay connected

A built-in Wi-Fi module give you access to the interface from wherever you are.

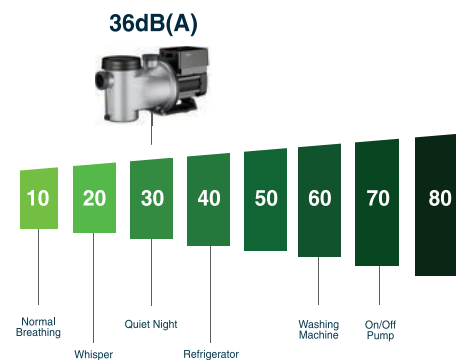

Take control of your power consumption!

With the simplified interface of the Moov AI pump, you can easily schedule the timer yourself. This allows you to vary the power of your pump throughout the day.

Unparalleled silence

Quieter than a refrigerator, it provides you with the peace and serenity you deserve. Enjoy your pool in complete tranquility.
